For existing customers whose product was purchased before 6 September 2026. Bonus users cannot exceed the existing user count; the total must stay within the destination product's user limit.

Package and eligibility details

The offer covers licensed-user increases purchased together with migration to solutions on the Edge platform. Other user types and new sales, modules or user purchases made independently of a migration are excluded.

For example, with 5 existing licensed users and a purchase of 3 additional users during migration, 3 bonus users may be granted if the destination product limit permits. The bonus cannot exceed the 5 existing users. Renewal charges apply to all users, including those initially provided free.
